

## DT-500

The DT-500 is an environmentally friendly electric powered 3 wheel dumper designed to work with loads up to 500 Kg.

An Environmental vehicle with electric traction and semiautomatic tipping skip, specially recommended for transporting loose goods and work on unstable ground or slopes with a gradient of up to 30%.

In a sector increasingly committed to reducing atmospheric pollution, this electric powered vehicle represents the ideal solution for the environmentally aware.

**The Large 420mm diameter driving wheels ensure maximum traction even on rough surfaces**

The 2x75Ah maintenance free Lead Acid Batteries provide an autonomy of up to 6 hours of operation on a single charge.

### Made in Europe

- The DT-500 is quiet and produces no hazardous exhaust.
- The width of the machine will allow passage through most doors and is considered optimal for indoor restoration work or moving materials in an environment where the exhaust, noise and smell of a combustion engine is not acceptable.
- Advanced engineering allows an efficient use of energy and power to produce an autonomy of up to 6 hours of continuous operation on a single charge.
- This machine is designed to be used indoors and out.
- Ideal for Biological Agriculture.**

### PERFORMANCE

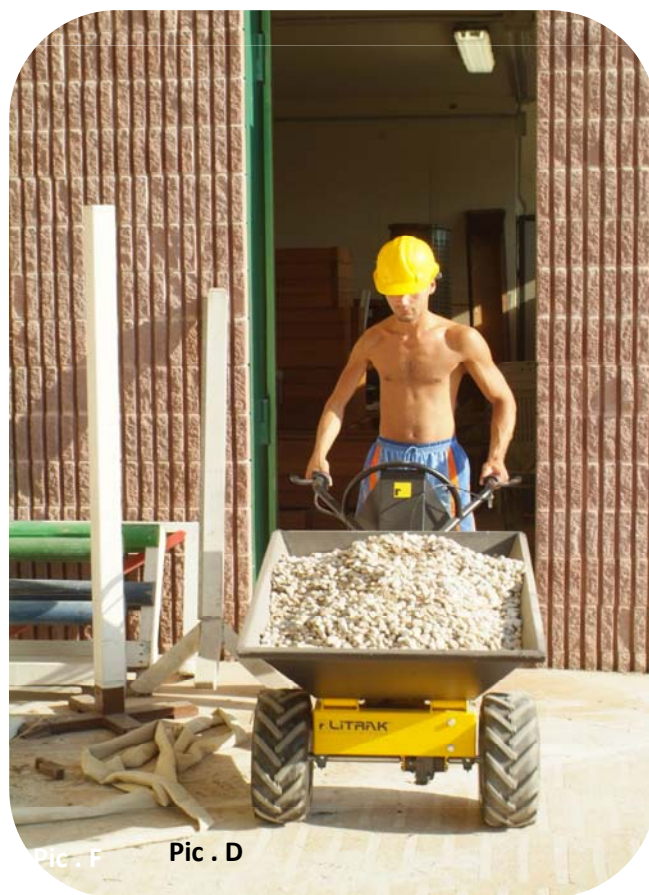

Loading capacity	<b>500 kg</b>
Max Loading Capacity 30% slope	300 kg
Forward Speed	max 5 km/h
Reverse Speed	max 2.5 km/h
Battery Autonomy	8 hrs
Battery Recharge	8 hrs
Lead Acid Traction Batteries	2 x 75 AH 24 Volt @ 5 h
2000 Charge-Lifecycle. Optional Gel Batteries 1000 Charge-Lifecycle	
Electromotor	24V/900 Watt

### DIMENSIONS

Overall Length	1172 mm
Overall Width	775 mm.
Overall Height	1050 mm
Machine Weight	152 kg
Driving Wheels Diameter	420 x 166 mm
Part Number	# DT500 (see page 2 for options)
