

# IT-900/1200

## INDOOR ELECTRIC Tug

ZERO EMISSIONS

Made in Europe

### BATTERY-POWERED INDOOR ELECTRIC TUG

The IT-900/1200 is a three wheeled ZERO emission electric drive pedestrian tug ergonomically designed to easily move loads on wheels in safety and comfort.

The IT900/1200 Tug reduces the manual effort required to perform repetitive tasks thereby improving productivity and reducing the chance of work related injuries.

The IT-900/1200 has a towing capacity of 3000/4500 kgs and a loading capacity of 300kgs.

With 2 x 85 AH AGM batteries, it has an autonomy of up to 8 hours of continuous operation.

**Tiller steering allows easy operation and control with great manoeuvrability**

For slippery surfaces, ballast can be added easily.

- Adjustable height handle to suit all operators
- Folding handle to reduce transport size and costs.
- Tiller steering allows easy operation with great manoeuvrability
- Electromagnetic brake with brake release switch
- On-board charger with light indication of charge status
- Butterfly throttle speed control with slow & fast switch
- Options: solid, non-marking tires and Flashing Safety Light
