

MT500P

BATTERY-POWERED ELECTRIC MINI-DUMPER
TO CARRY LOADS **UP TO 500 KG**

ZERO EMISSIONS

QUIET

LOW MAINTENANCE

High load transmission

Easy -TIPPING lever

Quick skip release attachment for fast replacement

Speed switch to operate in narrow spaces and on slopes.

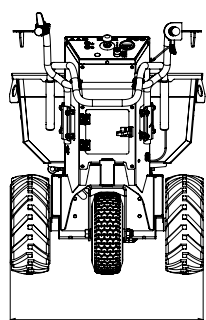

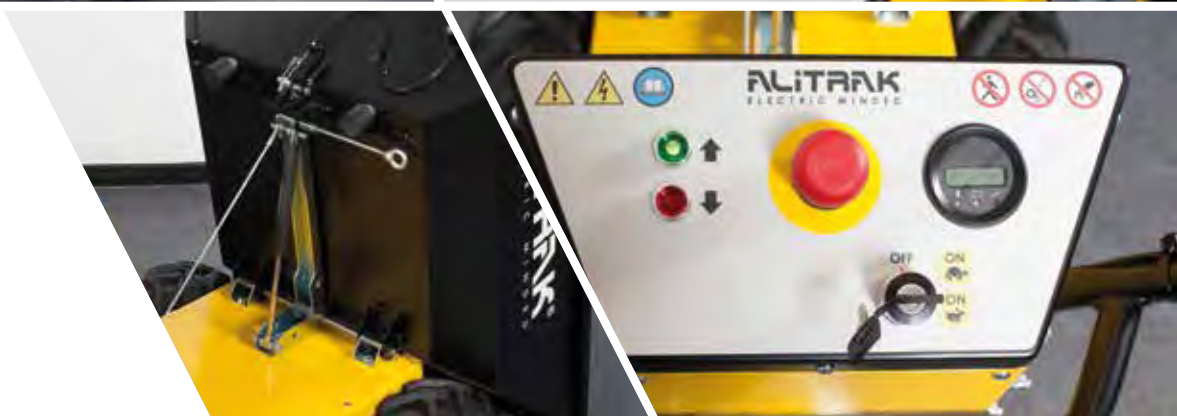

MADE IN ITALY

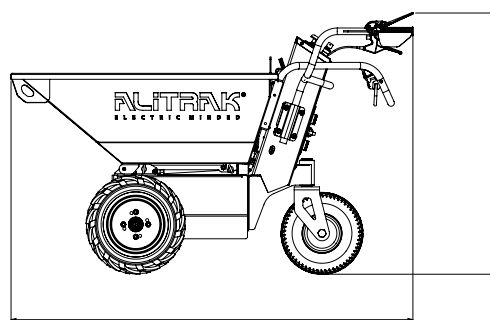

The MT-500 is an electric dumper equipped with three wheels, with a solid steel structure, it is designed to work in construction, demolitions and industry. It is also useful in agriculture, and in garden building works. The Easy-tipping lever is our patented solution for a full control with reduced effort of the skip emptying operation. The heavy-duty version here described, is designed for particularly heavy work, equipped with high load transmission, anchor points for lifting, reinforced handle and hours meter (ideal for rental situations).

FEATURES

Equipment body	3 wheels
Driving wheel	Tractor type
Skip	180 Lt
Driving control type	Handlebars
Accelerator	Hand-grip type
Direction change	Lever on handlebars
Battery charger	13 Ah On board
Dashboard display	Remaining battery charge Equipment failures Hour meter
Parking brake	Electromagnetic
AGM Batteries	2 x 12V/85 Ah C20
Electric motor	24V / 1200 watt AC S2 60 min.
Product net weight	202 kg

PERFORMANCES

Loading capacity on flat surface	500 Kg
Max loading capacity max 27% gradient	200 Kg
Forward speed	5 Km/h
Reverse speed	2,5 Km/h
Battery recharging time	8 hours

Features shown are subject to change without notice

ACCESSORIES

Poliurethane filled wheels
