

OT-1200AC

Outdoor Tug

ZERO EMISSIONS

Made in Europe

OUTDOOR TUG 1200 AC

The OT-1200AC is a three wheeled ZERO emission electric drive pedestrian Tug ergonomically designed to easily move trailers, caravans, wagons on all surfaces.

This tug reduces the manual effort required to perform repetitive tasks thereby improving productivity and reducing the chance of work related injuries.

The OT-1200AC has a pulling and pushing capacity of 4500kgs and a loading capacity of 300kgs.

With 2 x 85 AH traction batteries, it has an autonomy of up to 8 hours of continuous operation.

The direct action tiller steering allows easy operation and control with great manoeuvrability

For Slippery surface, Ballast can be added easily

- Adjustable height handle to suit all operators
- Folding handle to reduce transport size and costs.
- Direct action tiller steering allows easy operation
- Electromagnetic brake with brake release switch
- On-board charger with light indication of charge status.
- Front pivoting wheel with direct steering
- Butterfly throttle speed control with slow & fast switch
- Options: Solid, non-marking tires and Flashing Safety Light
- Traction wheels garden type
- Dash board with remaining battery charge
